

## An Introduction to COSHH for Technical Staff.

### Course outline

This two hour course will describe the general principles and some practical means of complying with COSHH Regulations relating to hazardous substances and infectious materials, and provide guidance on how to complete a COSHH risk assessment.

This event is being hosted by Newcastle University.

### Trainer

Lindsay Murray is a graduate microbiologist, Chartered Scientist, Chartered Biologist and Fellow of the Royal Society of Biology, who has worked in a variety of clinical and research roles within the UK and overseas. Most recently, and for the last ten years, he has been employed as a Health & Safety Manager for The University of Edinburgh's College of Medicine & Veterinary Medicine, and has obtained numerous qualifications in occupational health and safety.

### CPD Approved

*This event has been approved by the Royal Society of Biology for the purposes of CPD and can count as 6 CPD points.*
